Unit VI Louisiana's Musical Landscape Lesson 2 Listening Logs

## **Sample Listening Logs**

<ul> <li>organize the data you have reconsitems to check off above the tab other data.</li> <li>Look at the Listening Log for Convoksheets for more ways to discovered to study your data carefully and make listening log on the computer us</li> </ul>	below to see how the data are organized. Is this the best way to orded while listening? Perhaps you need more columns, or lists of le. Perhaps you need titles followed by blank lines to insert names or community Soundscapes and Listening Log - Music Around Metaplay data.  ake a list of all of the different types you have. Then design a ling a table in a word processor or a spreadsheet. In show these tables, response blanks, boxes, etc. help you to
Date: September 24, 2004	Sample Listening Log  Length of Listening Session: 15 minutes

KIND OF SOUND HEARD	WHAT MADE THIS SOUND	DESCRIPTION OF SOUND
What is the specific sound you are hearing?	Does it come from nature, the radio, TV, choir, friends, family members?	What words would you use to describe the sound?
Boom from a truck/car	A truck or car	Loud, deep, startling
Humming	Mom	Mom singing while she does dishes –
		lonely, cozy
